

My Concept Map

Name: _____

My focus topic or question:

Climate Change

Concepts that relate to my focus topic:

1. Rising sea levels
2. Melting glaciers
3. Warming oceans
4. Animal habitat
5. Changed consumer behavior
6. Recycling
7. Scientific research
8. Environmental laws & policies
9. Political actions
10. Carbon taxes
11. Natural processes
12. Human activities
13. Burning fossil fuels
14. Population increases

Concepts that need further research (including where to find the research):

Animal habitats—how does it effect polar bears?

- Can find information in textbook
